

Saturday April 24

Today was a day to remember - and a day to celebrate super volunteers! and a day to see magic unfold
WOW! and what a beautiful day!!!

Superwomen Alma Vilmarreal (Unrreal) and Paula Jemison organized 2 separate events - and, even though they were both a "first", we all made magic

Superwoman Alma and her "gang" organized a car wash - Henry Fackeldey represented us at this event. I could feel his joy on the phone, telling me how much fun he was having. He sounded exhilarated! It was a total success....
WOW! Alma, please let everybody know who was there and how it came together!

Superwoman Paula Jemison organized the Community Fair - we were invited to participate by the Jack & Jill Society. Our "gang", Marlana Jemison, Sarah, Sehar and Samuje Schail, made us shine! They made tiaras and crowns for all the kids - and we had the most visited booth at the Fair.....everybody had so much fun.....Jack & Jill have chosen us to be the recipients for their gala! Nancy Lusk came and spent a couple of hours with us - welcome Nancy. Robert Wolter helped us to tear down our booth
Paula took the lead in this effort totally! She made brochures (printed and put together by Nancy Lusk), planned the crafts, created the theme and made it all come together - Marlana, Sarah and Sehar - you carried it out - at one point, the booth was mobbed, and they just kept making the crowns and tiaras just a little faster -
Awesome

Susie and Nir Eshet participated in both events - taking pictures, and as usual - lending their support -hope to see those pictures soon
showing the energy and spirit in our commitment to our youth
